About Boulder Hot Springs

Montana's historic Boulder Hot Springs Inn and Spa is located almost midway between Butte and Helena just off Interstate 15. It rests in the midst of southwest Montana's spectacular beauty of snow-capped mountains and lush valleys. The Inn & Spa sits on almost 300 acres of pristine meadows, wetlands and forest. The air is pure and the sounds you hear are those of nature. The Inn is backed by Deer Lodge National Forest: home to bears, moose, elk, deer, fox, antelope, and coyotes.

The Inn offers a combination of comfortable, inviting, elegant, and luxurious B&B rooms and suites for guests who want the best that a healing, homelike atmosphere has to offer, and guest rooms for our more budget-minded guests.

Our greatest attraction is our mineral-laden, pure geothermal waters, which are used in the indoor plunges, the outdoor swimming pool, the natural mineral steam rooms, the showers, and also to heat the entire building.

Since we specialize in healthy, healing, active living and luxury at an affordable price, Boulder Hot Springs Inn and Spa, with the Conference and Retreat Center, has chosen to be an *alcohol, drug and smoke-free environment*.

Our kitchen specializes in a variety of healthy, home-cooked, interesting and delicious gourmet food. We use organic meats, fruits and vegetables whenever possible and we serve "Montana-grown" specialties. Boulder Inn and Spa has always been famous for its buffets, and we have strived to continue that tradition serving prime rib, fresh seafood, Native American, and International cuisines at our buffets. We also have a broad range of menus to choose from for retreats, workshops and conventions.
